***Reasons For Allowance***

Claims 81-86, 89, 90, 92, 94-108, 112, 113, 121-130, 132, 134-137, 140, 150, 160-171, 173, 177-180, 182-190, 192-198, 200, and 202-235 are allowable. The restriction requirement pertaining to species, as set forth in the Office action mailed on July 14, 2006, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claim 90, 99, 112, 113, 187, 189, 204, 205 and 207, directed to non-elected species are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

With regard to the reasons that the claims were found allowable, the interview summary attached to this Office action details the reasons that the present claims were considered allowable over the prior art of record. The rationale set forth therein is hereby incorporated herein by reference thereto.
